CLERICAL MEDICAL PARISH WALK

A Welcome from the Race Director

Welcome to the 2007 Clerical Medical Parish Walk. The Parish Walk provides a unique challenge to all the entrants and it has captured the imagination of the Manx folk over the years. Ahead lies a test of stamina and endurance over 85 miles and 17 Parish Churches all which must be passed before returning to Douglas Promenade within the 24 hour time limit.

Last years race will be difficult to match for both quality and quantity. Derek Harrison's record from 1979 was finally broken by Sean Hands who won in a staggering time of 14 hours 47 minutes and 36 seconds. Not only was the old record broken once but Robbie Callister also got inside the time finishing second in 15 hours 16 minutes and 3 seconds.

Sean has been awarded the coveted number one vest with Robbie Callister carrying the second seeded number two. All the walkers wearing the numbers 1 to 163 have already completed the "Parish" at least once.

The committee would like to extend its thanks to Clerical Medical for their continued support for the event. Without their valuable input it would be impossible to run the Parish Walk at the high standard that has been expected.

Our thanks are also extended to Dave Butterworth of Skanco Business Systems Limited for providing the computer hardware to get the results out promptly. We are grateful to Dave Willis who has written the computer programme to handle such a large entry and to Murray Lambden for maintaining our website, www.parishwalk.com. This year we have new sponsors for the feed stations and we are grateful to HSBC, Robinsons, Shoprite, Barclays Bank, 3FM, The Water Authority, MannVend and the Department of Tourism for their help.

This year we welcome Manx Telecom on board as sponsors of the electronic timing and texting service. This is the first year that we have tried a fully electronic recording system, the system is being provided by a UK based company Sport Ident.

I would like to thank the organising committee of Liz Corran, Karen Kneale, Allan Callow, Kevin Walmsley, Martin Lambden, Winston Liu, Tracy Cook, Debbie Walmsley and Geoff Walmsley who have freely given of their time and efforts over the past six months.

Finally a big thank you to all the marshals, checkers-in, ambulance crews, police specials and all the people who year after year turn out in the dead of night to help with the Parish Walk.

To all competitors, please read and observe the rules carefully and obey the instructions of the marshals. Please note that there are certain time limits for passing some of the churches. Once you have completed your walk please ensure that your timing bracelet is handed in to the officials.

Thank you and good walking.

Raymond Cox - Race Director.

Parish Walk History

I have been writing this brief history of the Parish walk for many years, but I've never had to consider such a record breaking year as 2006.

The first parish walk was held in 1913, when 12 people competed, and then in 1960 the foundations were laid for the walk as it is now. In those early years all competitors carried cards which were signed at each church, usually by the Vicar or Church Warden. Records were all paper written, and it wasn't until the 1980's that first Buchan School, and then Skanco Business Systems gave us the opportunity to computerise results. This programme has been continually been updated by Dave Willis, and this year, courtesy of Manx Telecom, we will be using a fully automated recording and results service with a texting service to update your walker's progress.

The course and start time have been amended over the years to accommodate the massive increase in entries safely, but independent measurement has confirmed the accuracy of those alterations. Matters out of our control have caused late amendments, Kart racing in Peel, and rock falls at Bulgham being the most serious.

Entry levels have varied over the long history of the event, with organisers delighted with 100 or more in the 1980's, with finisher numbers varying from only Steve Gardner in 1979, to 44 in 2001. The last 5 years have seen an explosion in interest with 839 starters in 2002(63 finishers), 934 in '03(64), 1079 in '04(100), 1133 in '05 (98), And then the phenomenon that was 2006 with 1351 starters and 163 completing the full 85 miles. The last to complete the distance, although outside the official time limit was Derek Harrison, battling on despite all his health problems of recent years. Derek had earlier seen his long standing record time of 15 Hrs, 20 minutes, absolutely destroyed. This had been threatened over the last few years with times within a few minutes of his mark, but nobody could have sanely predicted that Sean Hands would take 33 minutes off it! The record now stands at 14 Hrs 47 minutes, which is better than 10 1/2 minutes per mile. Runner-up Robbie Callister also finished inside the old time in this record breaking year. Can it be bettered in 2007?

This programme lists this year's entrants, and past winners, but there is a group of people who must be mentioned in more details. David Callister has now completed the race on 23 consecutive occasions, and not far behind that come Anthony Kneale, Ray Hughes and Mick Holgate, with Dermot O'Toole and Charlie Weston amongst the other multiple finishers. In 2005 Dru Hamm walked to Braddan, outstanding for somebody with Spina- Bifida, and in previous years other people have overcome tremendous challenges to take part.

It must now be 15 years since the late Arthur Jones retired from the post of race secretary, but no brief history of this fantastic event could be complete without paying tribute to the man without who this race would probably be only a memory. Arthur not only walked to Peel most years in his famous sandals, but made all the equipment needed from cast-offs - no sponsors in those days. Numbers cut out of lino, reflective bibs, score cards, checkers boards, nothing was beyond his ingenuity. Having had a brief sleep at home in Ballasalla, he was then to be telephoned so that he could be in place at Lonan to check in the few hardy souls that made it that far, and filled the time by writing all the certificates.

For a far more detailed history readers are referred to Dermot O'Toole's "A Walk Through Time"

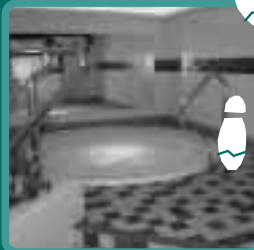

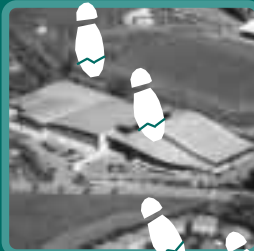

To everyone attempting this fantastic event I offer best wishes and good luck, but remember, to truly claim that you have "**done the Parish**" first you have to cross that line on Douglas promenade within the 24 hour time limit.
