# CLERICAL MEDICAL PARISH WALK

## **A Welcome from the Race Director**

Welcome to the 2004 Clerical Medical Parish Walk. The event continues to grow and attract more walkers each year. A new record entry of 1234 has been received with 647 men and 587 women coming to the start line. This unique event captures the imagination of the Manx folk and challenges their endurance and stamina. Ahead lies 85 miles and 17 Parish churches all of which must be passed before returning to the Promenade in Douglas within the 24 hour time limit. We wish all the competitors good luck and hope that they will enjoy the day and achieve their personal goals whether it be to Santon or return after the full 85 miles to Douglas.

The N.S.C. provides an excellent facility for the start which is at 9 a.m. The walkers are seeded and those wearing 1 to 104 have already completed the "Parish" on at least one occasion. Peter Kaneen the winner in 2003 has not entered this year so the coveted number one is being worn by Robbie Callister who has been a winner in 2001 and 2002. Come out and support these and the other walkers.

The committee would like to extend its thanks to Clerical Medical for their continued support for the event. Without their valuable input it would be impossible to run the Parish Walk at the high standard that has been expected.

Our thanks are also extended to Dave Butterworth of Skanco Business Systems Limited for providing the computer hardware to get the results out promptly. We are grateful to Dave Willis who has written the computer programme to handle such a large entry and to Murray Lambden for maintaining our website, [www.parishwalk.com](http://www.parishwalk.com).

I would like to thank the organising committee of Liz Corran, Karen Kneale, Allan Callow, Kevin Walmsley, Martin Lambden, Winston Liu, Tracy Cook and Debbie Walmsley who have freely given of their time and efforts over the past four months.

Finally a big thank you to all the marshals, checkers-in, ambulance crews and all the people who year after year turn out in the dead of night to help with the Parish Walk.

To all competitors, please read and observe the rules carefully and obey the instructions of the marshals. Please note that there are certain time limits for passing some of the churches. Once you have completed your walk please ensure that your number is handed in to the officials.

Thank you and good walking.

Raymond Cox - Race Director.

## **ADVICE FOR SUPPORT DRIVERS**

1. Stop only where you can park SAFELY. Be aware of road junctions and dangerous bends.
2. Use the closed roads sections, that are open to race traffic only, for parking.

These sections are:

**Glen Daragh Road**

**The Oatlands Road**

**Old Castletown Road**

**The Sloc Road**

3. Avoid obstructing the main roads in the South during the early stages of the race, particularly the New Castletown Road leading to Ballasalla.
4. Do not attempt to drive alongside walkers.
5. Be aware of the safety of other walkers & road users.
6. Please keep off, agricultural land including hedges. Stay off walls, sod hedges and keep to the highway.
7. Do not leave litter or discard waste food. Take home all your litter or use litter bins.
8. Switch on hazard lights when parked on the road.
9. Wear bright or reflective clothing, especially at night.
10. Do not make excessive noise in residential areas during the night.

# Parish Walk History

The true origins of the parish walk are probably lost in time, though the first race in the modern format was 1913, when the entries totalled 12! Since 1960, the race as it became, was added to the athletics calendar. Then, competitors carried a card which was marked as they touched each Church door. Over the years, in the interests of safety, the course has been amended, but each time measurements have been taken to ensure the overall mileage remained the same. Official measuring prior to the national 100 mile championship, held in conjunction with the Parish, confirmed the distance to be remarkably accurate. The age of computers in the early eighties allowed the results service to be upgraded through the help of the Buchan School, though in truth it meant someone phoning the results in, a far cry from the current system, where thanks to the support of Skanco systems, they are updated on course, with final results being available shortly after the last walker has finished. The programme has been constantly updated by Dave Willis, and the organisers dream of someday being able to use a fully automated system to alleviate the demands of inputting so much information.

Entry levels continue to increase year on year, and now represent well over 1% of the national population. In 1979, Steve Gardner was the only person to survive the distance, and finisher numbers until very recently had been disappointing, but 2001 (44) 2002 (63) and 2003 (64) saw a huge increase, and now the question is how many finishers awards to order. 1971 saw the closest finish, when just 54 seconds separated 1st and 2nd.

Derek Harrison's amazing record of 15 hours 20 minutes (11 minutes per mile) has stood since 1979 and long looked unbeatable, but last year saw Peter Kaneen fall just 6 minutes short, when he became only the 6th winner to record a time of under 16 hours. What will happen this year?

Fate has tried to disrupt the event on several occasions, forcing a detour via St. Johns in the year we clashed with kart racing in Peel, and detours via Ballaragh on two occasions when the road was closed at Bulgham. Every year at least one person tries to walk an alternative and unofficial route, despite the efforts of the organisers to clearly signpost the way.

The programme only records the past winners and last year's finishers, but mention must be given to those stalwarts who complete the race year after year - people like David Callister, Mick Holgate, Anthony Kneale, Charlie Weston, Dermot O'Toole and Ray Hughes. Ray once got to Santon on crutches, after a fall left him with a leg in plaster. The list of multiple finishers grows every year, and apologies to anyone who feels they should also have a mention.

To everyone entering this gruelling challenge I offer best wishes, but please remember, to claim to have truly "done the parish", you have to cross that line on Douglas promenade.

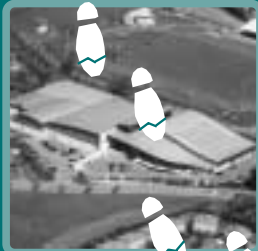

Good luck!

Martin Lambden
