## **A Welcome from the Race Director**

Welcome to the 2005 Clerical Medical Parish Walk. The event continues to grow and attract more walkers each year. A new record entry of 1317 has been received with 651 men and 666 women coming to the start line. This unique event captures the imagination of the Manx folk and challenges their endurance and stamina. Ahead lies 85 miles and 17 Parish churches all of which must be passed before returning to the Promenade in Douglas within the 24 hour time limit. We wish all the competitors good luck and hope that they will enjoy the day and achieve their personal goals whether it be to Santon or return after the full 85 miles to Douglas.

The N.S.C. provides an excellent facility for the start which is at 9 a.m. The walkers are seeded and those wearing 1 to 119 have already completed the "Parish" on at least one occasion. Robbie Callister returns to defend the title that he has won in 2001, 2002 and again last year. Robbie wears the coveted number one. Come out and support him and all the other walkers.

The committee would like to extend its thanks to Clerical Medical for their continued support for the event. Without their valuable input it would be impossible to run the Parish Walk at the high standard that has been expected.

Our thanks are also extended to Dave Butterworth of Skanco Business Systems Limited for providing the computer hardware to get the results out promptly. We are grateful to Dave Willis who has written the computer programme to handle such a large entry and to Murray Lambden for maintaining our website, [www.parishwalk.com](http://www.parishwalk.com).

I would like to thank the organising committee of Liz Corran, Karen Kneale, Allan Callow, Kevin Walmsley, Martin Lambden, Winston Liu, Tracy Cook, Debbie Walmsley and Geoff Walmsley who have freely given of their time and efforts over the past four months.

Finally a big thank you to all the marshals, checkers-in, ambulance crews and all the people who year after year turn out in the dead of night to help with the Parish Walk.

To all competitors, please read and observe the rules carefully and obey the instructions of the marshals. Please note that there are certain time limits for passing some of the churches. Once you have completed your walk please ensure that your number is handed in to the officials.

Thank you and good walking.

Raymond Cox - Race Director.

## **ADVICE FOR SUPPORT DRIVERS**

1. Display your number clearly on the front window screen.
2. Stop only where you can park SAFELY. Be aware of road junctions and dangerous bends.
3. Use the closed roads sections, that are open to race traffic only, for parking.

These sections are:

**Glen Daragh Road**

**The Oatlands Road**

**Old Castletown Road**

**The Sloc Road**

**The Dalby Road**

4. Avoid obstructing the main roads in the South during the early stages of the race, particularly the New Castletown Road leading to Ballasalla.
5. Do not attempt to drive alongside walkers.
6. Be aware of the safety of other walkers & road users.
7. Please keep off, agricultural land including hedges. Stay off walls, sod hedges and keep to the highway.
8. Do not leave litter or discard waste food. Take home all your litter or use litter bins.
9. Switch on hazard lights when parked on the road.
10. You must wear bright or reflective clothing, especially at night. Reflective bibs are on sale at the check-in.
11. Do not make excessive noise in residential areas during the night.

# Parish Walk History

The first Parish Walk in the current format was held in 1913, when 12 people entered. In 1960, the event entered the regular athletics calendar on a course much as today's. Competitors carried cards which were signed as they touched the doors of each church. For safety reasons, the course has been altered over the years, but each change has resulted in re-measuring to ensure the integrity of the event. When the National 100 mile race was held in conjunction with the Parish, the official measurement proved the distance to have been remarkably accurate, and this data has been recorded to allow any future amendments that may prove necessary. The race has started at various times over its history, for some years the ladies race started before the men, and there was even a prize for the first man to overtake all the ladies. Paper and pencil calculations were replaced by computerisation in the 80's courtesy of the Buchan School, and great progress was made when Skanco Systems became involved and a programme was written to handle all entries and results. This programme was continually updated by Dave Willis, and now, even with well over 1000 entrants, provisional results are available within a couple of hours of the last walkers crossing the line.

Entries of over 100 were exceptional during the 80's, but current growth of 10% year on year saw a total of 1234 in 2004. This well exceeds 1.5% of the total population, try to imagine the London marathon on that basis!!! Until the turn of the century, even were disappointed that finisher numbers were remaining static, but even 2001 (44), 2002 (63) and 2003 (64) couldn't prepare us for last year when 100 people completed the entire distance. Compare that to 1979 when Steve Gardner was the sole finisher.

Derek Harrison's race record of 15 hours 20 minutes (11 minutes per mile) has stood for many years, although it has been seriously challenged over recent events. Could we see it broken this time?

This programme lists those who finished last year, and also the winners of previous races, but mention must be made of those stalwarts who complete the course year after year. David Callister tops list last with 21 consecutive years, but not far behind come Mick Holgate, Ray Hughes and Anthony Kneale, then Charlie Weston and Dermot O'Toole.

Events beyond our control have forced amendments to the course on more than one occasion, Kart racing in Peel, and rock falls at Bulgham, being some, and it wouldn't be the Parish without somebody trying their very own version!

No history of the Parish walk should fail to mention the long time race secretary, the late Arthur Jones. For years he was the mainstay of the event, organising officials, taking entries, preparing the programme and organising the start. He would walk as far as Peel, in sandals, check that everything was going to plan, the head home to Ballasalla for a brief sleep. Someone was delegated to phone him when the leader got to Maughold, when he would set off to Lonan to check walkers in. While waiting there, he would write out certificates for all the walkers who had finished their race. The king of the re-cyclers (no sponsors in those days), he made up all sorts of handy gadgets from waste or discarded materials.

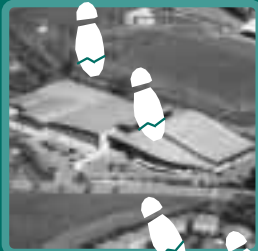

To everyone attempting this fantastic event I offer best wishes and good luck, but remember, before you can truly claim to have **"done the Parish"** you first have to cross that finish line in Douglas.

Good luck!

Martin Lambden
