INTERNATIONAL

### **A Welcome from the Manx Harriers Chairman**

Welcome to the 3rd CMI Parish Walk. I hope this programme will be useful to you all, whatever your interest in the event.

In 1991 we saw a record entry for the event, and were blessed yet again with decent weather, at least until the early hours of the morning. Our great friend from Highgate Harriers, Charlie Weston, led almost throughout the race, though he had to withstand a strong challenge from Chris Keown. It began to look at one stage that he might be overtaken in the last few miles, as has happened before, but this time he held on safely to record his second victory. It was encouraging to see two ladies complete the course, continuing the trend of recent years. Could we yet see a lady win overall?

The Parish Walk is an incredibly demanding event, so please be sure that you are well prepared. Whilst we welcome your involvement, and applaud your effort, we want you to survive to compete again, so be careful and sensible. Read the rules and abide by them, and please obey instructions given by the marshals and officials.

One of those rules is that you hand in your race numbers as soon as you retire, or finish. Failure to do this leaves the race organisers unaware of your position, so to ensure a correct results service, and for your own safety, I cannot stress the importance of this rule too much.

CMI have helped this event to grow and grow over the time of their involvement, so that it maintains its' stature as one of the 'Classics' on the race calender. Thank you to all competitors, helpers and officials. You all play a vital part in that success.

*Thank you and good luck*

Martin Lambden.
