Dear Murray,

These are the only results I have. You will have those since CMI took over the sponsorship. I never received copies in those later years.

I would probably keep the records of the early years for about 6 years, then destroy them as there would not appear to be any reason for keeping them.

Best of luck with your project.

Arthur

I have all my own personal records, about 20 walks, all from 50 years of age and older, my best distance being to reach Ballaugh (half way)!

Dear Murray,

You asked for some details of my long distance walks for your records.

⊖ This time will be the record for over 70'ties.

T.T. Walk

First walk in 1969 (aged 57)

I have completed it seven times.

Best time 8 hrs - 17 mins 32 secs in 1973 (age 61) **

Other good times were 8-18-48 in 1974 and 8-17-46 in 1975.

Most recent 8-45-55 in 1981

** Probably a record for over 60'ties.

Put them in your book and have a crack at them when you reach the appropriate ages! Good luck!

Kind regards,
Arthur G Jones
