

Flora London Marathon - Manx runners 2003

The following pages represent version 2 of my annual analysis of the performance of Manx athletes in the Flora London Marathon.

I welcome news of any additional Manx runners or corrections to any of the information. Given the large amount of data there are bound to be some slips along the way and so please remind me if I've missed anything by emailing murray@manxathletics.com

The list of runners, clubs, charities and results has been compiled jointly with John Watterson of Isle of Man Newspapers. The Manx Independent will be published on Thursday lunchtime and will include full coverage of the Manx runners in London.

I make no comment on the performances of the runners within this document, it is purely a statistical report. It is vastly extended beyond the basic list of results using data from the Flora London Marathon official website.

For pictures, news and comments of the Manx performances on 13 April 2003, log onto www.manxathletics.com

At least three runners were thought to have competed in London but I cannot trace them on the Flora London Marathon website. They are:

Paul Evans (there are several runners of the same name)

Neal Moffatt

Shamel Osman –I'm sure he was listed on the website on Sunday but he is not there now.

Thanks to everyone who has helped me with this epic task. Although I consider the document to be my copyright given the time and effort taken to compile it, you are welcome to copy and distribute it for personal use.

Murray Lambden
15 April 2003
